

1	Identification of the preparation and the supplying Company	FLUORO-BAIT Killgerm Chemicals Ltd, Denholme Drive, Ossett, West Yorkshire, WF5 9NA. Tel: +44 (0)1924 268450 Fax: +44 (0)1924 265033 Email: technical@Killgerm.com		
2	Hazards identification	Not classified as hazardous.		
3	Composition and information on ingredients	Food grade attractants with pigment enclosed within indigestible microcapsule shell. See paragraph 16 for full text of R-phrases and hazard classification of ingredients.		
4	First Aid measures	Eye contact:	Irrigate with water.	
		Skin contact:	Wash skin with soap and water.	
		Ingestion:	Wash out mouth with water. Do not induce vomiting. Get medical advice if any symptoms are evident.	
		Inhalation:	Move to fresh air.	
		Advice to doctor:	Food based formulation. Does not contain hazardous active ingredient.	
5	Fire-fighting measures	Use extinguishers suitable for nearby materials. Use water or CO ₂ extinguishers.		
6	Accidental release measures	Individual precautions:	Gloves.	
		Spill or leak procedures:	Sweep up and place the spilled product in the bag. Dispose of as controlled, non-hazardous waste. Consult supplier.	
7	Handling and storage	Precautions in use:	Fluoro-Bait must be placed in locations not accessible to children and pets. Do not place the bait in areas where there is a possibility of contaminating food or on surfaces that will come in direct contact with food. Wear gloves when handling the product. When working in rodent-infested areas wear synthetic rubber/PVC gloves to protect against rodent-borne disease. Avoid contact of the bait with eyes or skin. Wash arms, hands and face with soap and water after applying bait and before eating and smoking. Do not contaminate water, food or feed when using the product or by incorrect storage or disposal.	
		Storage and transport precautions:	Store in a cool dry place. Keep container closed.	
8	Exposure controls and personal protection	PPE Item	In Use	Spillage
		Respirator	Not required.	Not required.
		Gloves	Synthetic rubber/PVC to EN374.	Synthetic rubber/PVC to EN374.
		Overall	Basic type eg coverall type 5/6.	Basic type eg coverall type 5/6.
		Goggles/ Face shield	Not required.	Not required.
9	Physical and chemical properties	Appearance:	Yellow/orange coloured granules.	
		pH:	Not applicable.	
		Flash point:	Not flammable.	
		Flammability:	Not highly flammable.	
		Bulk density:	0.8 – 1.2g/cm ³	
		Solubility:	Not soluble in water.	
		Odour:	None.	
		Incompatibility:	Not a reactive substance.	
10	Stability and reactivity	Stable for 3 years when stored in original packaging at temperature 0-40°C. Not a reactive substance. Avoid storage in humid conditions.		
11	Toxicological information	No toxicological data available. Product not classified as hazardous.		
12	Ecological information	Data not available. Product not classified as hazardous. Formulation is biodegradable (>99% food ingredients).		
13	Disposal considerations	Empty containers:	Dispose of as controlled commercial/industrial waste. Consider recycling route. Contact supplier for advice.	
		Unused/recovered materials and contaminated PPE:	Dispose of as controlled commercial/industrial waste. Not classified as hazardous.	
14	Transport information	Road transport ADR/RID	No limitation.	
		Sea transportation IMO/IMDG	No limitation.	
		Air transportation ICAO/IATA	No limitation.	
15	Regulatory information	Labelling according to EU Directives: Hazard symbols: None. R-phrases: None required. S-phrases: None required.		

16 Other information

Use only in accordance with label instructions.

The information contained in this data sheet does not constitute the user's own assessment of workplace risks as required by legislation.

The information in this data sheet should be considered when undertaking a risk assessment under the COSHH regulations.

This data sheet does not constitute a COSHH assessment.

The information contained within this data sheet is strictly for general guidance only and should not be relied upon over and above this. This data sheet is intended to provide general health and safety guidance on the handling, storage and transportation of the preparation. The information provided in this data sheet is accurate at the date of publication and will be updated as and when appropriate. No liability will be accepted by Killgerm Chemicals Limited for any loss, injury or damage arising from any failure to comply with the information and advice contained within this data sheet and/or failure to comply with the manufacturer's guidelines, product label data and any associated technical usage literature.

Re-issued July 2009 to incorporate the REACH requirement changes to safety data sheets.
