

1	Identification of the preparation and the supplying Company	PHANTROL. A ready to use bait station presentation for Pharaoh's Ant colony control. Killgerm Chemicals Ltd, Denholme Drive, Ossett, West Yorkshire, WF5 9NA. Tel: +44 (0)1924 268450 Fax: (0)1924 265033 Email: technical@Killgerm.com		
2	Composition and information on ingredients	methoprene	0.405%w/w	- Not classified as hazardous.
		Food attractants	99.595%w/w	- Not classified as hazardous.
3	Hazards identification	Not classified as hazardous		
4	First Aid measures	Ingestion:	Wash out mouth with water. Seek medical advice.	
		Inhalation:	Move to fresh air.	
		Skin contact:	Wipe off any contaminating product. Wash with water.	
		Eye contact:	Irrigate with water.	
		Advice to doctor:	Contains a low hazard active ingredient in a food based formulation.	
5	Fire-fighting measures	Use extinguishers suitable for nearby materials. Use water or CO2 extinguishers.		
6	Accidental release measures	Sweep up and wash area with warm water.		
7	Handling and storage	This product is subject to the Food and Environmental Protection Act 1985, and the Control of Pesticides Regulations 1986 made under it. The product must be used and stored in accordance with the product label.		
		Precautions in use:	Do not use where food, feed or water could become contaminated. Prevent access to baits by children and animals. Remove all remains of bait and bait containers. Wash any contamination from skin or eyes immediately. Wash hands and exposed skin before meals and after use.	
		Storage and transport precautions:	Keep out of reach of children. Keep in a safe place.	
8	Exposure controls and personal protection	PPE Item	In Use	Spillage
		Gloves		Unlined/Flock lined synthetic rubber/ PVC to EN347.
		Overall		Coverall Type 5/6.
9	Physical and chemical properties	Appearance:	Light brown coloured granules.	
		pH:	6.0 – 7.0 (dispersion in water).	
		Flash point:	Not flammable.	
		Flammability:	Not flammable.	
		Bulk density:	0.60 – 0.80g/cm.	
		Solubility:	Partially soluble in water (honey).	
		Odour:	Strong liver.	
		Incompatibility:	Not a reactive substance.	
10	Stability and reactivity	Stable. Not a reactive substance.		
11	Toxicological information	Routes of entry/symptoms of contact:		
		Inhalation:	Unlikely mode of entry.	
		Skin and eyes:	Unlikely contact route due to nature of product presentation. Not a skin irritant. Granules may cause irritation to eyes.	
		Ingestion:	Product is low order of toxicity.	
		Symptoms of contact:	Irritation to mouth and gastro-intestinal tract.	
12	Ecological information	Formulation is biodegradable (>99% food ingredients). In soil, methoprene is rapidly degraded with a half-life of approximately 10 days. In mammals the secondary metabolite cholesterol has been identified.		
13	Disposal considerations	<u>Empty outer plastic tubes and caps:</u> Uncontaminated, classified as non-hazardous. EWC code 15 01 02- consider recycling route, otherwise dispose of as commercial/industrial waste packaging. <u>Bait stations, empty and contaminated, and redundant stock items:</u> EWC code 07 04 13. Non- hazardous. None of hazard properties apply. Contact supplier, local authority or Environment Agency for advice about disposal of waste.		
14	Transport information	Not regulated.		
15	Regulatory information	<ul style="list-style-type: none"> This preparation has been classified in accordance with The Chemicals (Hazard Information and Packaging for Supply) Regulations 2002: CHIP 3. These implement the Dangerous Preparations Directive- 99/35/EC. This Safety Data Sheet complies with CHIP 3 requirements and the Safety Data Sheets Directive 91/155/EEC (as amended by Directives 93/112/EC and 2001/58/EC). Restricted to professional users. Refer to other relevant measures such as the Health and Safety at Work etc Act 1974 and regulations and guidance. The information contained in this data sheet does not constitute the user's own assessment of workplace risks as required by legislation. Hazard symbols: - None. Risk phrases: - None required. Safety phrases: - From COPR approval documents. See label. This product is approved under the Control of Pesticides Regulations 1986 (COPR). 		

16 Other information

Use only in accordance with label instructions.

Ingredient classification data: None evident.

Do not remove granules from the bait station..

This data sheet does not constitute a COSHH assessment.

The information contained within this data sheet is strictly for general guidance only and should not be relied upon over and above this. This data sheet is intended to provide general health and safety guidance on the handling, storage and transportation of the preparation. The information provided in this data sheet is accurate at the date of publication and will be updated as and when appropriate. No liability will be accepted by Killgerm Chemicals Limited for any loss, injury or damage arising from any failure to comply with the information and advice contained within this data sheet and/or failure to comply with the manufacturer's guidelines, product label data and any associated technical usage literature.
