BC™ BIRD SPIKES

BC BIRD SPIKES 14S

BC Bird Spikes 14S are proudly made in Britain and engineered for long-term bird proofing on narrow surfaces such as pipes, signs, and ledges. With a compact 20mm base and 50mm spike spread, these spikes are ideal for areas with limited space. The stackable design makes transportation, storage, and installation faster and more efficient, allowing more strips to be carried with ease. Made from durable 304 stainless steel and UV stabilised polycarbonate.

TECHNICAL SPECIFICATIONS

- Spike height: 115mm
- Spike diameter: Corrosion-resistant 1.4mm thick spikes
- Base width: 20mm
- Distance between spikes: 50mm
- Spread between outer tips: 50mm
- Strip length: 333mm
- Pins: 14 pins per strip
- Material – Spikes: 304-grade stainless steel
- Material – Base: UV stabilised polycarbonate
- Fixing options: Suitable for clips or adhesive
- Area coverage per strip (width) : Up to 115mm maintaining a space of 50-65mm between spike tips on each row
- Temperature resistance: -20°c - 130°c

HOW TO USE

Ensure the surface is clean and dry. Attach the strip using a strong outdoor adhesive or screw down, depending on the material. If a shorter length is needed, the base includes pre-formed grooves that allow the strip to be snapped cleanly to size without tools. The stackable design also means multiple strips can be carried at once and installed quickly, improving on-site efficiency.

WARRANTY

These spikes come with a 10-year warranty. Terms and conditions apply. Please see the website for details.

DISCLAIMER

It is always the responsibility of the user to install as per the manufacturer's installation guidelines.

PLASTIC BASE CERTIFICATION:

ASTM D1042
ISO 2796
ISO 9001:2015
ISO 14001:2015
UL 746C (F1 rating)

STAINLESS STEEL SPIKE CERTIFICATION:

Material Grade: EN 1.4301 (304 BD)
EN 10204 3.1 Certificate
ISO 9001:2015
