

# BLUE

## BLUE DRAIN TRACE

**ACTIVE INGREDIENT: BRILLIANT BLUE FCF, FOOD GRADE**

For testing and tracing of leaks in drains

Contents: 200g

Label Ref: 05/13

### **DIRECTIONS**

Dissolve a level teaspoonful (3 to 4 g) in 1 litre of hot water, stir well, then add to, or dribble into 100-200 litres of cold water and pour into cesspool, drain or onto the ground where suspicion of contamination arises. The product will give a coloured tint to any liquid it comes into contact with.

### **PRECAUTIONS**

Avoid raising dust. Keep powder and concentrate solution off skin and clothes. Wash splashes immediately with water to prevent staining. Inform relevant persons, e.g. neighbours, workers, etc. about your activities. Read product safety data sheet before using.

**Hazard classification: Not classified.**
