

An insecticidal foaming spray for killing wasps in the nest. The nest should be treated late evening when the wasps are less active. Contains sufficient foam for around 4 - 7 treatments. This product should not be used against honey bees or their nests.

DIRECTIONS FOR USE

Shake well before use.

Keeping the can upright and standing at least 2 metres from the nest, direct and spray the foam at the nest entrance. Spray for 8 seconds to thoroughly wet the nest, paying attention to the entrance. Do not stand directly underneath the nest and wear suitable clothing in case the wasps become active. For larger nests, a 12 second burst of spray should be applied. Stand well back from the treated area after application. If the nest entrance is not visible spray where the wasps activity is seen, such as through holes or gaps in walls etc. If wasp activity is seen again after treatment, which is not unusual, repeat the application.

Please note – For any wasp nest treatment it is recommended that protective clothing is worn. If treating a nest outdoors consider the wind direction. Avoid contact with paint work or test on an inconspicuous area first. The foam may damage plants and shrubs.

STATUTORY CONDITIONS OF APPROVAL RELATING TO USE

FOR USE ONLY AS AN INSECTICIDE. FOR USE ONLY BY PROFESSIONAL OPERATORS. AN 8 SECOND BURST WILL TREAT A SMALL WASP NEST OR A 12 SECOND BURST WILL TREAT A LARGE WASP NEST.

Users must comply in full with all their legal responsibilities under the Control of Pesticides Regulations 1986 (as amended) and the Control of Pesticides Regulations (Northern Ireland) 1987 (as amended), including complying with all Conditions of Approval.

Read all precautions before use.

HSE No. 10902 PCS 102190

HAZARD STATEMENTS

Extremely flammable aerosol.

Pressurised container: May burst if heated.

Causes serious eye damage.

Harmful to aquatic life with long lasting effects.

DANGER

PRECAUTIONARY STATEMENTS

If medical advice is needed, have product container or label at hand.

Keep out of reach of children.

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

Do not spray on an open flame or other ignition source.

Do not pierce or burn, even after use.

Wear protective gloves/eye protection.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Immediately call a POISON CENTER/doctor.

Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F.

Contains: Glycine, N-methyl-, N-coco acyl derivs., sodium salts
